## Welcome to the world of For Humanity for training and consulting

For Humanity was established in 2009 and was legalized in 2012 to be one of the leading companies providing consultancy and innovative solutions in the field of training of local and Arab organizations and organizations. Since its establishment, Humanity has worked to identify the main training areas of interest to different companies and institutions. By providing our programs and consulting processes with a unique methodology that is in line with global standards of training, we have taken it upon ourselves to be our mission before our field.

We offer a variety of programs tailored to meet every level of training requirements. We hope that we will be able to have the opportunity to work closely with your organization to develop comprehensive training programs that meet your current needs.

For Humanity Training Center is an Arab company specialized in business administration training, workshops, and human resource development for the Arab market

### Our Mission

Develop human performance through knowledge and exert all efforts to develop the basics and methods of change through consultation and training.

## Our vision

Access to support points to increase the capacity of Egyptian and Arab institutions through the application of scientific and practical methodologies in line with the recommended international standards

## Values we believe in

- We focus our efforts on the client
- We are open and trustworthy and we love to work fairly
- We rely on dynamism and innovation
- We work together as a team
- We value people and encourage diversity in all its forms
- We are excited to increase confidence and influence around us
- We support equal opportunities
- We believe in partnership

## Objectives

- To contribute to the good training of institutions in Egypt and the Middle East
- Enhancing the quality and effectiveness of human resources training and development in Egypt and the Middle East.
- Promote the personal and professional development of members in training and development through the detection of current thinking and the formation of best practices.

- Achieving the highest international standards recommended in the field of corporate training.
- Making use of the appropriate conditions to activate the effectiveness of training.

### **Distinguish us**

- Enterprise development by providing world-class solutions designed to deliver tangible results to our clients' business.
- Our trained practitioners, our programs and scientific applications, have practice, but the basic feature of trust in our coaches is that they are highly qualified.
- We will not forget you after the completion of the training programs, but we have monitoring and monitoring programs to follow the results of the effects of change on the institution.

## The competitive advantages

- In 2017 was a special year for us, we were able to reach agreements with experts trained in London and America and FOR HUMANITY FOUNDATION became an international training company
- From the beginning of its inception, we trained more than 11,000 trainees, because we believe that the development of society comes through the development of the individual first.
- We are now documenting our training strengths as we are in the final stage for the appropriations (ICF & PMI)
- The scientific training materials were specially prepared for our branch in Egypt by experts and training consultants in our branch in London branch which have been developed by global standards in training. We have more than 107 training courses in all administrative and specialized fields. FOR HUMANITY offers you a free training model of training materials at the Downloader Center on our website [WWW.FHF.CO.COM](http://WWW.FHF.CO.COM)
- Each training program of For Humanity contains the scientific material + workshops that contain the unique training games that keep the spirit of the team, we are working on all levels of modern training.

- The system of evaluation and follow-up training
- Before the beginning of the training we are analyzing the training needs before training and this is the second gift on our site (TNA FREE)
- Follow-up after the completion of training in three months to follow up the impact of training on the organization.
- Follow-up after one year of completion of the training to assess the current situation after the results of the training (in case of request)
